STUDENTS SATISFACTION SURVEY 2018-19

Students Satisfaction Survey was conducted by the institution for the period 2018-19 and the following feedback was received.

Feedback received	Problems addressed
<ul style="list-style-type: none"> • Satisfied with the syllabus of each course • Not so satisfied with the library. The grievances of the students regarding library are- that library materials were inadequate; more relevant text books are to be made available in the library and; more reference books needed. • Internal assessments are not done in a fair manner. • They observe that teachers are fairly punctual. • Students are satisfied with the completion of the course in time. • Sometimes Feedback to assignment to be given • Feedback on class test performance is given regularly after every class. Performance of students is also discussed. • Some teachers use ICT facilities for teaching and learning occasionally. • Mentoring help in development of self confidence and motivation • Transport facility is weak as we have only one bus. • Canteen needs improvement. • Management of campus is perfect. The college campus is beautiful and has an eco-friendly atmosphere. 	<ul style="list-style-type: none"> • As far as possible, the institution has addressed this issue with the purchase of some text books and reference books. The library has also made e-books available to the students. • Regarding this issue, most of the students were defaulters- failing to submit assignments in time; failing to sit for at least two tests in the appropriated time. • Teachers have undertaken to give feedback to assignments. • One of the main defect with irregular use of ICT facilities is due to electricity problem. • There are two buses but at present one bus is under major repair. • Arrangement is being made to let the canteen to a more innovative group.
